Series 398

SECRETARY OF STATE [603]

TRADEMARK APPLICATION FILES, 1881#1984
80.4 cu. ft.

DESCRIPTION: This series documents the application and renewal process for the registration of trademarks, service marks, and tradenames in Utah. Files frequently include the initial application, trademark samples, proofs of publication, notification of expiration of trademark, renewals of registration, and correspondence related to the registration. See an example of a trademark.

ARRANGEMENT: Numerical by trademark number.

RESEARCH NOTE: Those trademarks which were still active in 1984 when the trademark function was transferred from the Lieutenant Governor's office to the Department of Commerce, Division of Corporations are not included in this series. The Division of Corporations retains custody of those items. (See Related Records). Missing files are most likely to be in the custody of the Division of Corporations.

RELATED RECORDS: Series 401, TRADEMARK REGISTERS, consists of a register of these same trademarks, the date registered, and information about the registering organization. Series 20317, TRADEMARK INDEX CARDS, acts as an alphabetical index to the trademark application files. Series 20316, TRADEMARK SAMPLES, contains samples of nontextual trademarks filed here. Series 6920, TRADEMARK FILES, ACTIVE, and series 16626, INACTIVE TRADEMARK FILES, are more recent application files as maintained by the Department of Commerce, Division of Corporations.

PROCESSING NOTE: This series was archivally processed by Arlene Schmuland in 1998. Acidic items were interleaved with acid-free paper or photocopied onto acid-free paper.

GAPS IN THE SERIES: There are no marks numbered between 2228 and 2399. Since there is no gap in dates between mark number 2227 and mark number 2400, apparently these numbers were never assigned. A gap in assigned numbers also exists between 12000 and 21999, but as no date gap appears between mark number 11999 and 22000, those numbers apparently were never assigned either.
